

COMMUNITY LAND AND RECREATION BOARD

Regular Meeting (#24-008) Agenda
CITY OF PARKVILLE, MISSOURI
Wednesday, September 11, 2024 6:00 PM
City Hall Board Room

1. CALL TO ORDER

- A. Adam Zink
Linda Arnold
Michelle Flamm
Steven Sturgess
Dana Laiben
Amanda Blackwood
Nathan Askren
Mary Jane Kuehn
Jessica Holtz
Phillip Wassmer (Liaison)

2. CONSENT AGENDA

- A. Approve the minutes for the August 14, 2024 regular meeting

3. ACTION AGENDA

- A. Recommend the Parks and Recreation Capital Improvement Program for the 2025 Budget.

4. NON-ACTION AGENDA

- A. Sullivan Nature Sanctuary Maintenance Report
- B. Platte Landing Park vehicular bridge and foot bridge design

5. STAFF UPDATES ON ACTIVITIES

- A. Parks Maintenance Updates
- B. Nature Sanctuary
- C. Parks Project Updates
- D. Special Events

6. MISCELLANEOUS ITEMS FROM THE BOARD

7. ADJOURN

Posted Date & Time: 9/10/2024
1:30 p.m.

By: Bonnie Buckmaster

COMMUNITY LAND AND RECREATION BOARD

Regular Meeting (#24-007)

MINUTES

CITY OF PARKVILLE, MISSOURI
Wednesday, August 14, 2024 6:00 PM

City Hall Board Room

1. CALL TO ORDER

The meeting was called to order at 06:02 PM on August 14, 2024. Roll was called by Bonnie Buckmaster, Public Works Department Assistant.

Members present were:

Adam Zink
Steven Sturgess (*via videoconference*)
Dana Laiben
Amanda Blackwood
Mary Jane Kuehn
Jessica Holtz

Absent with prior notice were:

Michelle Flamm
Linda Arnold
Nate Askren

Phil Wassmer (Liaison)

A quorum of the Board was present.

Brittanie Propes, Parks & Recreation Director; Chris Ashley, Project Manager; Tom Barnard, Park Superintendent; and Bonnie Buckmaster, Public Works Assistant, were present on behalf of the City.

- A. Adam Zink
Linda Arnold
Michelle Flamm
Steven Sturgess
Dana Laiben
Amanda Blackwood
Nathan Askren
Mary Jane Kuehn
Jessica Holtz
Phillip Wassmer (Liaison)

2. CITIZEN INPUT

3. CONSENT AGENDA

- A. Approve the minutes for the July 10, 2024, regular meeting
ACTION: Jessica Holtz moved to approve the minutes for the July 10, 2024, regular meeting. Dana Laiben seconded.
RESULT: Motion Passed: 6-0.

4. NON-ACTION AGENDA

A. Quarterly Budget Presentation

Bryan Kidney, Deputy City Administrator/Finance Director, presented the Quarterly Budget.

Bryan said that the 2025 Budget process will begin soon. CLARB thanked Bryan for his presentation. The presentation is attached to the minutes.

B. Parks Maintenance Management Plan: Presented by Cassandra Messer with Missouri Department of Conservation

Brittanie Propes, Parks and Recreation Director, introduced Cassandra Messer with the Missouri Department of Conservation. Cassandra gave a presentation of a Parks Maintenance Management Plan for English Landing and Platte Landing Parks. The CLARB thanked Cassandra for the information.

The presentation is attached to the minutes including the list of plantings discussed.

C. Eagle Scout Project presentation with Aedan McBride

Brittanie Propes, Parks and Recreation Director, presented a slide show of Scout Aedan McBride's Eagle Scout project. The project would be a Gaga Ball Arena, which can be disassembled and moved to the appropriate location. A possible location would be between the playgrounds in English Landing Park. The cost break down was included in the CLARB packet. The Board liked the idea.

Aedan McBride with Troop 1495 of Gloria Day approached the CLARB and was thanked for his project.

5. ACTION AGENDA

A. Recommend an MOU with Main Street Parkville Association for Holiday Lights Display in English Landing Park

Brittanie Propes, Parks and Recreation Director, introduced Alisha Blackwelder, Executive Director of Main Street Parkville Association (MSPA), and Laura Hingey, owner of the Natural Accents Outdoor Lighting LLC. Laura presented the proposed large scale holiday lights display to be located in English Landing Park. MSPA is working with Creative Displays LLC and a local organization that wishes to grant a large donation to cover the costs of the displays. The display would kick off on December 5th, which coincides with Christmas on the River and would end after the New Year. The proposed holiday walk would be approximately a one-mile loop that would contain inflatable characters and many lighting displays, including lighted tunnels. MSPA has a storage plan in place. The city is requesting to enter into a Memorandum of Understanding for this free community event.

Discussion focused on the size of the tunnels and the inflatables. CLARB agreed that the inflatables would be a great addition for the first couple of years and then possibly could move toward more lighted displays in the future. Further discussions included the days and time that the display would be lit and the cost of the electrical usage. It was anticipated that the electrical fee would be \$500 with the display

running on Fridays and Saturdays. It was suggested to keep the inflatables inflated during the day and extend throughout the week, instead of just on the weekends for more enjoyment. The donation amount for this event is \$25,000 which may also cover the electrical usage.

Brittanie asked if CLARB would support using Parks Sales Tax funds to cover part of the electrical cost, which CLARB suggested that MSPA may consider splitting the fee; and there could potentially be other donation opportunities. Alisha will get an estimate for everyday electrical usage, and will send it to Brittanie to forward to CLARB.

ACTION: Jessica Holtz moved to recommend an MOU with Main Street Parkville Association for a Holiday Lights Display in English Landing Park. Amanda Blackwood seconded.

RESULT: Motion Passed: 6-0.

6. STAFF UPDATES ON ACTIVITIES

This information was included in the CLARB packet.

Liaison Philip Wassmer mentioned that there is a pipe in the wetlands that looks to be suspended near the rock wash that goes into wet pool that may freeze in the winter. Brittanie said that she would look into this

A. Parks Maintenance Updates

These updates were included in the CLARB packet.

B. Nature Sanctuary

The updates were included in the CLARB packet.

There were two animal-proof trash cans installed today.

C. Parks Capital Improvement Program

The updates were included in the CLARB packet.

D. Special Events

The Special Events list was included in the CLARB packet and are also listed on the City's website.

7. MISCELLANEOUS ITEMS FROM THE BOARD

Train Depot - Is still under review. The Steering Committee will review the proposals regarding the costs of the improvements and then will come back before CLARB for feedback.

Mary Jane asked about the rating system document that was included in the packet. Brittanie said that the Rating System document was an attachment under the Budget Update. The Rating System is a new tool that will be used to score Capital Improvement Projects. The Parks Department will not be using the rating system this year since the Master Plan will determine those project priorities. Other City Departments will begin using the new rating system as the 2025 budget is prepared.

8. ADJOURN

ACTION: Jessica Holtz moved to adjourn the regular meeting at 7:35 p.m. Dana Laiben seconded.

RESULT: Motion Passed: 6-0.

The minutes for August 14, 2024, having been read and considered by the Community Land and Recreation Board, were approved on the 11th day of September, 2024

Bonnie Buckmaster, Public Works Assistant

English Landing Park

For English Landing Park during my site analysis. I saw room for improvement for wildlife habitat and flood control, erosion control.

1. I suggest keeping an unmowed area or native planting as far as you can along the stream corridors and river corridor. This helps maintain the stream in its banks and reduces erosion of the land surrounding the streams and waterways. Not only does it protect the soil along the stream, but it also helps to mitigate flooding issues. The turf grass that is currently in the park up to the streams, river, waterways, do not soak up any significant amount of water. The type of vegetation there currently is not much better of a water capture system than impervious surfaces. By having a native planting along the corridors, it will intake and keep much more water in the root systems, reducing the amount of runoff and flooding from the area.

2. On top of the waterway protection, I also notes several dead grass spots along the railroad side of the park and some had standing water weeks after a flooding event. Rain garden plantings would be wonderful here to assist with the use of that water in those spaces. You would have native vegetation that would be able to handle the flooding and be able to utilize it in their root systems making use of the standing water, instead of drowning the current vegetation.

Here are some species that we think would be beneficial in either the rain garden area or the waterway plantings:

The species in **bold** are wet forest plants that are ideal for the soil and ecological site description. The other plants are ones that can be found in wet woodlands and other wetlands and have different needs for amount of sun and soil moisture but would work for rain garden type areas.

- **Buttonbush**, *Cephalanthus occidentalis*, white spherical flower blooms June-August, great pollinator plant, this is a shrub that can be large unless trimmed, [Cephalanthus occidentalis page \(missouriplants.com\)](#), available for purchase now
- **Jewelweed**, *Impatiens capensis*, orange flower blooms June-September, great hummingbird plant, [Impatiens capensis page \(missouriplants.com\)](#)
- **Monkey flower**, *Mimulus alatus*, light blue to pale purple flower bloom June-September, [Mimulus alatus page \(missouriplants.com\)](#), available for purchase now
- **Tickseed sunflower**, *Bidens aristosa*, yellow flower bloom August-October, [Bidens aristosa page \(missouriplants.com\)](#)
- **Butterweed**, *Packera glabella*, yellow flower blooms April-June, [Packera glabella page \(missouriplants.com\)](#)
- **American bugleweed**, *Lycopus americanus*, white flower blooms June-October, [Lycopus americanus page \(missouriplants.com\)](#)
- Cardinal flower, *Lobelia cardinalis*, red flower blooms July-October, must stay moist so plant in shade or mostly shade, great pollinator plant, [Lobelia cardinalis page \(missouriplants.com\)](#), available for purchase now
- Tall bellflower, *Campanula americana*, blue flower blooms July-September, [Campanula americana page \(missouriplants.com\)](#)
- Swamp milkweed, *Asclepias incarnata*, pink flower blooms June-August, great pollinator plant, must stay moist and receive some sun but not full sun all day, [Asclepias incarnata page \(missouriplants.com\)](#), available for purchase now
- False aster, *Boltonia asteroides*, white flower blooms July-October, [Boltonia asteroides page \(missouriplants.com\)](#)
- White turtlehead, *Chelone glabra*, white flower blooms July-October, good for bumble bees, [Chelone glabra page \(missouriplants.com\)](#), available for purchase now
- **Rose turtlehead**, *Chelone obliqua*, pink flower blooms August-October, good for bumble bees, [Chelone obliqua page \(missouriplants.com\)](#)
- **Green-stemmed Joe-Pye weed**, *Eutrochium purpureum*, pink flower blooms July-September, great pollinator plant, [Eutrochium purpureum page \(missouriplants.com\)](#)
- **Great blue lobelia**, *Lobelia siphilitica*, blue flower blooms August-October, needs mostly shade and perpetually moist, [Lobelia siphilitica page \(missouriplants.com\)](#), available for purchase now
- **Copper iris**, *Iris fulva*, orange or copper colored flower blooms April-June, [Iris fulva page \(missouriplants.com\)](#)
- Southern blue flag iris, *Iris virginica*, light violet to violet blue flower blooms May-July, [Iris virginica page \(missouriplants.com\)](#), available for purchase now
- **Mistflower**, *Conoclinium coelestinum*, purple to lilac flowers bloom August-October, [Conoclinium coelestinum page \(missouriplants.com\)](#), available for purchase now
- Common sneezeweed, *Helenium autumnale*, yellow flowers bloom August-November, [Helenium autumnale page \(missouriplants.com\)](#)
- **Dwarf St. John's-wort**, *Hypericum mutilum*, yellow flowers bloom July-October, [Hypericum mutilum page \(missouriplants.com\)](#)
- Bushy seedbox, *Ludwigia alternifolia*, yellow flower blooms June-August, [Ludwigia alternifolia page \(missouriplants.com\)](#), available for purchase now
- **Globe sedge**, *Carex grayii*, flowers May-October with attractive round spikes, [Carex grayi page \(missouriplants.com\)](#)
- **Hop-like sedge**, *Carex lupuliformis*, flowers May-July, [Hop-like Sedge \(Carex lupuliformis\) \(illinoiswildflowers.info\)](#)
- **Muskingum sedge**, *Carex muskinaumensis*, [Carex muskingumensis \(Muskingum Sedge\): Minnesota Wildflowers](#)

This list incorporates flowers of many different colors, plants of different structure and height, and different bloom times (though the majority bloom summer-fall) which will make for attractive plantings. Of course, you don't have to use all of these but I wanted to give you a decent list to choose from for different site requirements and availability of purchasing plants.

I'm not sure exactly how big of an area you have to work with, whether it was the whole footprint you sent or just smaller wetter portions. Keep in mind that these plants have different levels of sun needed so some will need to be in the shade while others can be in the sun part of the day. The ones that are currently available from Missouri Wildflowers Nursery are noted, other ones not currently available from them will be available in the spring most likely.

Warning: Soil Ratings Map may not be valid at this scale.

You have zoomed in beyond the scale at which the soil map for this area is intended to be used. Map surveys that comprise your AOI were mapped at 1:24,000. The design of map units and the level of detail are dependent on that map scale.

Enlargement of maps beyond the scale of mapping can cause misunderstanding of the detail of map units. Map units do not show the small areas of contrasting soils that could have been shown at a more detailed scale.

Table — Ecological Sites by Map Unit Component —

		Knox (10%)	F107XB004MO — Deep Loess		
Totals for Area of Interest				1,534.5	100.0%

Platte Landing Park

Native Grass and Forb Establishment

Regarding the large landscape that has been untouched so far in Platte Landing Park, I suggest a pollinator/native planting. This will compliment the wetland by helping that piece of ground be a sponge for runoff and water, protecting Parkville from potential flooding issues in the future.

The key to a successful native grass and forb planting is site preparation before the planting. Tall fescue and brome grasses are considered to be undesirable species. Unfortunately, the landscape in Missouri has been overrun with these species. Following this timeline will be crucial for good site preparation and a successful planting.

Before planting of the native vegetation, the invasive species needs to be in control, most notably Johnson Grass. To control the Johnson Grass, it is important to treat it during its growing season and when it is anywhere from 12"-24" high. This treatment would occur in June typically but could potentially be moved into July as well. The best management practice is the use of Outrider, this chemical is able to kill not only the seed head but also the rhizome of the plant, which Glyphosate does not get.

There is area around the wetland that has previously been planted to a pollinator planting that does not need a complete restart. In these areas I suggest a brush hog in the fall and then a broadcast spraying of Outrider in June for the Johnson grass control. After the Johnson grass treatment, the following fall/winter I suggest a prescribed burn and potentially an overseeding into the burned area of more native seed mix. Keep that area mowed the year after and then start managing it as an established prairie, with a burn every 3-5 years and maintenance mowing in the late fall.

THANK YOU

Summary

The following Parks-related activities took place during May 2024:

- Cruise Night set up – cones, barricades, signage set out.
- Large Dog Park fence repair, replaced a large section of broken fence
- Grigsby Field – backstop boards replaced
- Adam's Park hillside weeds removed
- S. Twin Trail invasives removed from bank
- Carnival arrival – cones, barricades set out for carnival set up.
- Assisted with Farmers Market location for Parkville Days
- Bi-weekly assist with staging signs for Farmers Market
- Spirit fountain drained and cleaned.
- RV Pedestal check – wasp nests removed and faulty GFIC's replaced where needed.
- Wasp nest in playground deck – removed
- Picnic tables moved to McKeon Stage for Parkville Days
- Trash cans set out
- Parade – Parks crew, parade pickup of cones & barricades
- Post Parade/Carnival – cones, barricades returned to headquarters and put away.
- Lift station modifications, internal parts and upgrade ongoing
- LED Lights in 7 lampposts replaced.
- Citizens Academy Parks and Recreation bus tour held
- ELP restroom men's urinal repaired.
- Mulch added and weeds removed from Pocket Park.
- Patio lights breaker reset / Irrigation box times reset.
- Dead birch removed along Rush Creek
- ELP Restroom façade ledge rock mortared and repaired.
- Trees / Plants water schedule re-stated. MWF Dry/Hot conditions
- Vine and invasive removals - ongoing

- Plants planted at Gateway Park, added to water schedule
- Hustler mower repair ongoing, parts ordered.
- Ball Fields groomed weekly
- Right of way Mowing, ELP, PLP, Small Parks mowed weekly
- Restrooms cleaned & stocked- ongoing/ air freshener batteries replaced.
- Dog stations stocked regularly.

Summary

Programming: Events and Volunteer workshop/ workday schedule posted on PNS kiosk, City website, and Facebook pages.

- Hosted a pollinator garden workday at the Bob Fluchel Memorial Garden on August 29th from 8-10am.
- Attended FOPNS meeting on August 26, 2024
- Met with PNS Volunteer to plan Little Goblins Hours
- Met with Little Theater of Weston to walk through plans for the Ghost Stories Haunted Trail
- Met with FOPNS chair to discuss transition

Trail Maintenance:

- Added trail maps to the main kiosk at PNS
- Installed new animal proof trash cans near entrance (2)
- Added QR code to trail maps on All Trails at 4 PNS kiosks
- Added donation QR codes at 4 PNS kiosks
- Added "See click fix" to report concerns at 4 PNS kiosks
- Augured hole to replace dead Memorial Tree
- Moving 3 benches to adhere to Midwest Public Risk standards

FOPNS:

- Approved for photos to be auctioned off every month in a silent auction style.
- Approved photos to be sold at Parkville Wine House with 100% proceeds going towards FOPNS
- Created weather-proof flyers to promote the photo contest and donation QR codes that are mounted on the 4 kiosks at Parkville Nature Sanctuary

Volunteer Hours:

- Pollinator Garden Work Day (public)
- Small group pollinator garden work day
- Ghost Stories Planning Meetings
- debris pick-up
- trash clean-up

Project Updates

1. **PLP Wetlands** – The city serves as a local project sponsor with the project led and contracted out by the US Army Corps of Engineers (Corps). [Funding via Section 1135](#) for construction of a Wetland Project in Platte Landing Park, includes:

Project History in previous packets

Updates

- Staff continued discussions with Missouri Department of Conservation to determine next steps. Staff had a site visit with MDC in early November.
- In January staff met with the Army Corps of Engineers to begin discussions about how we can move forward with repairs for the Wetlands.
- Staff received the new appraisal for Platte Landing Park.
- *Site visited with USACE at the end of April. This was the first step in discussing plans for the Wetland Reset/Liner Installation.*
- Conversations have continued with USACE to determine local soil that is available from developers that may be used for the clay liner. USACE has been conducting soil testing on development sites
- On July 5, 2023 USACE soil engineers began sampling areas near the Wetlands and areas in Platte Landing Park to test for compatible clay to be used for the liner.
- The USACE will provide the City with an update on their findings and a recommended plan to move forward later this summer.
- On August 1, 2023 Leigh Mitchell, USACE Project Manager, attended a joint Work Session with the BOA and CLARB to present their recommended approach to the restoration of the Wetlands project.

- The last few months have included funding acquisition, geotechnical assessment, and project scoping.
- Within the next 1-2 weeks the area will be mowed to allow construction and staging, including delivery of materials.
- Over the next 2-4 months the USACE plan to complete the necessary earthwork.
- The City and the USACE will continue discussions regarding the vegetation management and potential water sources. That work is anticipated to be done in Spring 2024.
- Staff mowed roughly 80 acres at PLP to prepare for the earthwork.
- The USACE began construction and have been moving dirt since the end of August. No other significant updates to report.
- The USACE experience delays getting the bentonite but progress continues. Parks Staff and USACE have a site visit scheduled to review progress the week of October 23rd.
- The USACE attended the November 21st meeting to present options for a water well and energy source. This presentation will be shared at the November 29th CLARB meeting.
- 500 Tons of bentonite has arrived on site. Workers are currently grading the surrounding area so it will slope (and drain) into the wetland ponds. The next steps will be to install the bentonite and then top soil to sustain the future vegetation.
- The South Wetland pool is completely finished. The USACE is still lining the north pool with bentonite. Once all of the bentonite is added to the pool, the USACE will grade Platte Landing Park to restore the construction area.
- The USACE will presented an update and a vegetation plan for CLARB and the BOA at a joint work session on April 16th at 6pm.
- The windmill for the south well has been secured and will be delivered and installed this summer.
- Staff is meeting on site with the ERDC vegetation experts on Friday, May 10, 2024 to discuss vegetation plans for this summer and planting plans
- **Windmill installed and inspected**
- **Great Plains Windmill Company hosted on-site tutorial with parks staff**
- **USACE and ERDC began work on invasive species removal**
- **ERDC hosted on-site staff training for invasive species control**
- **ERDC planted the aquatics plant species. Parks Staff worked alongside ERDC and assisted with the plantings.**
- **USACE and ERDC will continue monitoring the invasive species**
- **USACE installed additional native plantings in and around the wetlands**
- **USACE met on site to inspect and test the Wetlands Pump with Parks Staff**
- **ERDC scheduled a follow-up invasive species work day with Parks Staff on August 14, 2024**
- **Three work days have been held with Parks staff and ERDC**
- **ERDC and USACE are continuing maintenance and management of the pools and vegetation through Fall of 2025**
- **Staff is mowing a 2 foot easement on both sides of the trails through the Wetlands**
- **The first educational field trip at the Wetlands is scheduled for November 2024**
- **STATUS – IN PROGRESS.**

2. **Wetlands Educational Areas**

- This scope of this project is to add stone slab benches and informational signage in the two pedestrian cul-de-sac areas of the Wetlands. This project was first started in 2020 but was later suspended when the water retention problem began.
- January 2, 2024: Staff met on site to determine the possible locations for (6) stone slab benches and (3) informational signs in each of the cul-de-sacs.
- Staff is currently obtaining quotes from multiple vendors for both items.
- Staff has ordered the frames for the informational kiosks and is currently working on the artwork and text for the signage.

- Staff has decided to put the stone bench order on hold for approximately (2) months, until the Corp of Engineers finishes up work on the site.
- April 19, 2024: Informational kiosk frames were delivered.
- Staff is continuing to work on the information and graphics for the signs themselves.
- Stone bench slabs have been ordered. It is anticipated they will be delivered by the end of May 2024.
- **Bench blocks installed on 6/7/24**
- **Moving forward with interpretive signage**
- **Signage locations for interpretive signs and directional signs have been verified**
- **Waiting on final sign design**
- **STATUS – IN PROGRESS**

3. Farmers Market

Full Project History in previous packets

Updates

- Staff participated in a joint work session with the Board of Aldermen and members of CLARB on September 5th, 2023. The following items were agreed upon:
 - The City will engage BBN to modify their cost estimate to focus on previous version B1, a timber-framed structure similar to the original, with a larger column bay and potential for future phases.
 - The City will formally withdraw from our previously awarded Partnership Grant for the Platte Landing Park ballfields.
 - The City will start a new Partnership Grant application for the new Farmers Market structure.
- October 16, 2023: The City submitted for a new Platte County Partnership Grant in the amount of \$1M for a new Farmers Market structure. The previously awarded grant for the Platte Landing Park Recreation Fields was returned by the City.
- November 14, 2023: Staff will verbally present our grant application to the Platte County Partnership Grant Committee as a part of their approval process.
- Staff and BBN will return to the Board of Aldermen with updated renderings and cost estimate.
- The Platte County Parks Board voted to recommend the full amount of \$1,000,000 to the Farmers Market Project by a vote of 4-1. The Platte County Commissioners will now vote on the Partnership Grant applications on Monday, December 4th.
- December 4, 2023: The Platte County Parks Board formally awarded the City of Parkville the \$1M grant request.
- BBN put together a scope of work for the upcoming design phase.
- April 2, 2024: The agreement with BBN for final design documents and construction documents was approved.
- April 30, 2024: BBN met with CLARB and BOA input at the joint work session on April 30th at 5:30pm. The Work Session included a presentation of preliminary plans, discussion regarding the difference in price for a basic structure vs. a basic structure that has the ability to add additional amenities in the future, BBN's opinion of the structure's anticipated life expectancy so the governing body can have a sense of how soon the potential enhancements would need to be implemented, and direction for BBN to move forward with design plans.
- April 30, 2024: Joint CLARB/Board of Aldermen work session. BBN presented the latest open and future enclosed design schemes. It was decided to add approval of the design schemes to the May 7, 2024 Board meeting agenda for a formal vote.
- **Electrical FEMA-related issues resolved**
- **Signage dimensions from existing building sent to BBN**
- **Site survey to be completed week of July 8th**
- **Staff anticipates meeting with BBN week of July 22 for a 95% construction document review meeting**
- **Construction documents will be submitted for BOA/CLARB review**
- **Joint CLARB and BOA Work Session was held to review construction documents on August 20, 2024**
- **Staff reviewed construction documents of minor changes with BBN Architectures on September 9, 2024**

- **Details related to traffic control and stormwater run-off are being discussed with RIC to coordinate the adjacent streambank stabilization project**
- *STATUS – IN PROGRESS.*

4. **Gateway Park (9 HWY and NW 62nd Street)**

- October 14, 2022: Staff met with residents of the Pinecrest neighborhood to discuss their goals for the project:
 - Bench seating in the shade
 - Drinking fountain
 - Landscaping
 - Direct pedestrian access to the Hwy 9 trail
 - Possible parking with access via the yet-to-be developed site directly to the south
- Staff is in the process of evaluating fee proposals from landscape architects to develop some conceptual designs for this project.
- Staff is in the process of evaluating fee proposals from surveyors.
- McClure Engineering has been selected to design the project.
- January 5, 2023: Staff will meet with their project manager on site to kick-off the project.
- RL Buford has been selected to do the survey work. They anticipate being on site the first week of January, 2023.
- Staff submitted the Platte County Outreach Grant.
- February 21, 2023: Staff presented the project, in person, to the Platte Landing Outreach Grant committee.
- The Committee indicated that the grant award announcements would be made around the 3rd week of March, 2023.
- The City of Parkville was awarded \$34,000 for the Platte County Outreach Grant for Gateway Park.
- Staff and Gateway Park committee met on April 3rd to discuss next steps in the planning and design of the park.
- Staff is working with McClure Engineering on construction documents for the park. It is estimated that the project will go out for bidding around the middle of August.
- Staff is preparing to put the project out to bid by September 12, 2023.
- The Bid opening for the Gateway Park project occurred on October 3, 2023.
- Staff is preparing contract documents for the contractor to proceed. Work is anticipated to start later this fall.
- October 3, 2023: At Bid Opening, (2) bids were received. J. Richardson Construction was the low bidder.
- J. Richardson's contract has been approved by the Finance Committee and the Board of Aldermen. Staff is waiting for the Contractor's insurance documents.
- February 14, 2024: Construction has begun and should take approximately (4) weeks to complete.
- March 7, 2024: Work on first phase is complete with the exception of the utility attachments. Staff will be seeking quotes to replace the remainder of the gravel trail with concrete, adding a retaining wall behind the Pinecrest Monument and adding landscaping material.
- Contract being drawn up with McClure Engineering for Phase 2 work (additional concrete sidewalk and culvert piping).
- Contract drawings to be completed by mid-May, 2024. Staff will then solicit bids for this work.
- Construction duration estimated to be from June 1 – June 30, 2024.
- (3) quotes being solicited for delivery and spreading of additional top soil.
- (3) quotes being solicited for landscaping.
- (3) quotes being solicited for hydro-seeding.
- Mo. American Water to tap into main and connect drinking fountain. They are currently waiting for a Right-of-Way permit from MODOT (est. start date unknown).
- **Waiting for installation of electric meter and final connection of decorative pole light**
- Waste container, bike rack and bike fix-it station have been ordered.
- **By the Blade Landscaping completed the culvert and the final phase of the sidewalk**
- **By the Blade Landscaping installed the landscaping and hardscaping in July**
- **Additional backfill dirt was added to the lower level of the park**
- **Hydroseeding will follow the landscaping, weather dependent**

- **Staff has been treating and removing Johnson Grass**
- **Staff has been watering new plants 2-3 times per week**
- **A ribbon cutting is being coordinated with the Pinecrest neighbors tentatively this Fall**
- *STATUS – IN PROGRESS*

5. **A-Truss Bridge Sidewalk and PLP Dumpster Pad/Enclosure**

- October 3, 2023: At Bid Opening, (5) bids were received. J. Richardson Construction was the low bidder.
- J. Richardson's contract has been approved by the Finance Committee and the Board of Aldermen. Staff is waiting for the Contractor's insurance documents.
- Anticipated start of construction is the week after Thanksgiving.
- Project was completed last month.
- *STATUS – COMPLETED*

6. **Parks & Recreation Master Plan**

- Staff has begun the process of developing a Request for Proposal (RFP) to issue for the update of our Parks Master Plan.
- The RFP and timeline has been established and will be posted in Mid-July.
- Due to lack of responses, the RFP was re-posted in September.
- Once the Parks Master Plan consultant is hired, staff will integrate the Survey consultant and the Master Plan consultant to determine a plan for community engagement and presenting information at an upcoming CLARB meeting. The timeline will be posted on the City website.
- The Master Plan Pre-Proposal Conference was held on October 4, 2023. Thirteen (13) people attended the pre-proposal meeting, staff is optimistic about receiving responses.
- RFP Responses are due November 1, 2023
- Selection Committee will review proposals the week of November 6th
- The November CLARB meeting is being moved to November 15 to provide enough time to review and recommend a consultant for the Master Plan.
- The agreement to hire a Master Planning consultant firm will be on the November 27th Finance Agenda and the December 5th Board of Aldermen agenda.
- After a consultant is selected, staff and the consulting firm will put together a schedule of milestones for the Master Plan process and public input.
- November 1, 2023: (5) Master Planning proposals were received from consultants.
- November 9, 2023: The Selection Committee met to review the (5) proposals. The Committee narrowed the field down to (3) finalists. The Committee will set up a Question and Answer ZOOM meeting early in the week of November 13, 2023 with each of the remaining consultants to help with the selection of a finalist.
- November 29, 2023: Final consultant recommendation will be presented at the CLARB Meeting.
- December 19, 2023: The Selection of SWT was approved by the Board of Aldermen.
- January 29, 2023: Steering Committee Kick-off Meeting. SWT re-introduced their team members and discussed their master planning process, starting with community engagement. Staff and CLARB members identified what they hoped to get out of the Master Planning Process. Issues identified are traffic congestion, lack of parking, general growing pains. Next steps are assessing park inventory (walking the park with staff, identifying what works and what doesn't) and scheduling upcoming meetings.
- March 1, 2024: Staff met with members of SWT to review their master planning process and guide them on a tour of our existing parks and facilities. This is part of their first phase of Data Collection & Analysis. The next step under this initial phase is Community Profile/Market Assessment, followed by Community Engagement Meeting (a joint CLARB & BOA Meeting) scheduled for March 19, 2024.
- March 19, 2024: Staff, CLARB and the Board of Aldermen had a joint master planning work session. Members of SWT presented their master proposed planning process and associated timeline.
- SWT Design is scheduling small group committees and kick-off community events.

- **The interactive website is being created and will go live following the first community engagement event.**
- **SWT Design met with three community groups consisting of residents, park users, and local organizations from April 26-May 6.**
- **Initial public engagement meeting was held on June 20, 2024**
- **Master Plan website is live**
- **Social Pinpoint is live and staff is reviewing data bi-weekly with SWT Design**
- **Steering committee met on July 29, 2024 to review the initial public input meeting and prepare for survey**
- **CLARB/BOA work session was held August 6, 2024**
- **ETC institute and SWT Design are taking feedback from the Steering committee and Work Session to prepare the final draft of the Master Plan Survey**
- **Survey is anticipated to be finalized and published by the end of September**
- **SWT Design is still collecting public input on the Social Pinpoint website.**
- *STATUS – IN PROGRESS*

7. Girl Scout Shelter

- Staff is in the process of procuring bids for pavers and underlayment to be installed over the existing concrete slab.
- It is anticipated that work would be complete by October 1, 2023.
- Staff has received a "Cooperative" bid from Embassy Landscaping for the paver work. Their contract will be submitted for approval at the September 11, 2023 Finance Meeting.
- The contract was approved. Work will begin after Ghost Stories.
- November 3, 2023: Construction began on new flooring and ramp. Construction duration is anticipated to last (2) weeks.
- Construction of the new flooring and ramp entrance was completed last month.
- January 4, 2024: Construction of new handrails for the ramp has begun. It is anticipated that fabrication and installation will take approximately (2) weeks.
- February 12, 2024: Fabrication and installation of the new ramp handrails has been delayed due to weather. The contractor has indicated that this work will be completed by the end of this month.
- March 7, 2024: Handrails have been installed.
- *STATUS – COMPLETE*

8. Veterans Memorial

- July 27, 2023, Staff met with members of the Veterans Memorial Committee at the Train Depot Spirit Fountain to discuss the possibility of moving the Memorial to that site.
- August 1, 2023, the Board of Aldermen unanimously approved moving the Memorial to the Spirit Fountain site.
- Staff has given SFS Architecture notice to begin design work on Phase 1 of the project, which includes flags, markers and landscaping. It is anticipated that this work will be completed by Memorial Day, 2024.
- The next Veterans Memorial Committee meeting will be on August 22, 2023.
- The Veterans Memorial project Sign was removed from Ball Field 1 and the LWCF request to convert the ballfield was withdrawn.
- Staff is awaiting updated design plans from SFS and the Veterans Memorial Committee.
- SFS is recruiting a new "team" from their organization to spearhead this project. Staff is waiting to hear from them to discuss next steps.
- October 27, 2023: Team meeting to discuss team roles, budget and conceptual design concepts.
- SFS is revising the fee proposal to reflect a reduced scope of work at the new Spirit Fountain site.
- The Veteran's Committee agreed on a conceptual design at the November 2nd Committee Meeting. The plans were shared with SFS to begin the design phase- after a new fee is proposed.
- March 26, 2024: Staff attended a Veteran's Memorial meeting. It was decided that the first phase of the project would be to order and install the flagpoles, flags and flood lights.

- Staff is currently pursuing quotes for this work.
- **April 26, 2024: 4 Star Electric visited the site and marked existing electrical lines to the fountain and flag pole light.**
- **City will meet on-site next week with Evergy to discuss how to meter the Memorial area separately from the Train Depot building.**
- **City will solicit bids to add additional flag poles and lighting by mid-May 2024.**
- **Contract agreement signed July 8 by Flagsource,; work is complete**
- **Staff met with Veterans Committee representatives, Jim McCall and Aldermen Bennett , to discuss project updates and next steps**
- **Staff met with Pat Vogt from By the Blade to discuss hardscaping plans for Veterans Memorial**
- **Tentative Ribbon Cutting set for Veterans Day, November 11, 2024**
- **Contract agreement signed August 12 by NKC Electric for the electrical work**
- **Veterans Committee Meeting held on September 10, 2024 to discuss bench installation, landscaping/hardscaping, and signage.**
- *STATUS – IN PROGRESS*

9. Bridge Improvements at So. Main Street and Rush Creek

- The scope of this project is to remove the existing concrete traffic/pedestrian separation barrier, thus allowing for two-way traffic, and build a separate pedestrian foot-bridge to be located immediately to the east.
- Staff is applying for an Outreach Grant from Platte County for this work. Submission deadline is January 19, 2024. Staff is also looking into other bridge improvement grant funding sources.
- Staff has reached out to one of our On-Call structural engineers, Garver, to provide us with an assessment of the existing bridge. This assessment will include current condition, determining maximum allowable loads, and costs of the improvements.
- Staff has submitted a grant application request in the amount of \$40,000, and will present our application in-person to Platte County on February 27, 2024.
- Grant decision still pending.
- **Platte County has awarded the City its full grant request of \$40,000.**
- **Staff is currently writing up a Request for Qualifications for engineering design work. It is anticipated that this RFQ will be issued by May 10th, 2024**
- **Staff is in contact with on-call consultants to finalize the design scope of work**
- **McClure is preparing the design of the vehicular and pedestrian bridge**
- *STATUS – IN PROGRESS*

10. White Branch Creek Bank Stabilization Grant Application

- February 1, 2024: Staff met on site to discuss existing bank erosion and scope of remediation work. Grant application deadline is March 29, 2024.
- Staff has reached out to Platte County to discuss our proposed scope of work prior to submission of our grant application.
- Staff will be reaching out to one of our on-call Engineers for a fee proposal to design the stabilization work.
- March 6, 2024: Staff received fee proposals from GBA, OWN and VSM.
- March 7, 2024: Staff submitted a draft of the Grant application (for design work) to the Finance Committee for approval.
- **March 28, 2024: Staff submitted the grant application. It is anticipated that we will know their decision by mid-May of this year.**
- **Staff is finalizing contract with Renaissance Infrastructure Consulting (RIC)**
- **RIC is working on the Streambank Stabilization design while also coordinating with BBN Architects to ensure the adjacent projects work congruently**
- *STATUS – IN PROGRESS*

11. **Sullivan Nature Sanctuary Lookout Platform Renovation**

- Staff is getting quotes for new guardrail and decking replacement.
- **It is anticipated that this work would be completed by the end of May 2024.**
- **Work was completed in June 2024**
- *STATUS – COMPLETE*
