## Overview

The applicant proposes a final plat for The Woods At Creekside Thid Plat, a subdivision (4.80 acres, more or less) generally located on the northwest quadrant of the intersection of I-435 and Hwy 45 in Parkville, Mo. The final plat (see Exhibit E) is the third phase of implementing The Woods At Creekside (32.14 acres total, more or less) which is part of The Woods At Creekside & Creekside Village planned residential development (see Exhibits D); and proposes 23 lots for single-family homes and 1 tract for private open space.

The subject area property under consideration is generally located at the northwest quadrant of the intersection of I-435 and Hwy 45 in Parkville, MO 64152; and the subject property is part of The Woods At Creekside & Creekside Village planned residential development (approved on November 6, 2018 via ordinance no. 2971). The approved preliminary development plan consists of 118 single-family homes and 176 townhome units in 44 buildings (34.65 acres, more or less). This development resides on Platte County parcel #20-4.0-18-000-000-010.003 (35.38 acres, more or less). The plat itself totals 4.80 acres.

### Background

On September 11, 2018, October 9, 2018 and October 10, 2018, the Planning and Zoning Commission held public hearings to consider an Application for Preliminary Development Plan for The Woods At Creekside & Creekside Village planned residential development. The plan proposes re-platting the subject property and creating internal circulation, public streets, and access off via MO-Hwy 45 to serve the development (see reference map below). The Planning and Zoning Commission recommended approval by a vote of 9-0, subject to conditions; and on November 6, 2018 the Board of Aldermen approved the preliminary development plan via Ordinance No. 2971. The subject property was zoned "R-4-P" Mixed-Density Residential via ordinance no. 2970 which permits single-family homes; and received a Conditional Use Permit via ordinance no. 2972 to permit townhome units as well.

## Review and Analysis

Plat applications are required to establish or alter the legal boundaries of property, and to account for public facilities, infrastructure, development patterns, public realm design or other long-range growth and development considerations prior to potential fracturing of ownership. Preliminary plats are larger division of land that enable new ownership and development patterns; or which impact public facilities or land, and are proposed in a preliminary or conceptual format to prepare for detailed engineering and design facilities.

Parkville Municipal Code, Section 403.040, Subsection A. states, *“The planned development process involves at least two steps — the preliminary development plan, and the final development plan. In many cases land will need to be subdivided in order to carry out a development plan. The subdivision process is a separate process and may run concurrently with or following the planned development process.”* Section 403.020, Subsection E. provides criteria for how the Planning and Zoning Commission shall determine if a final plat is appropriate. The following are staff’s findings and conclusions for the final plat application (Case No. PZ 2021-22).

- 1. The layout and design of the final plat is substantially consistent with the approved preliminary plat considering the number of lots or parcels; the block layout, street designs and access; the open space systems and civic design elements; the infrastructure systems; or other elements of coordinated developments.**

Changes have been made to the layout and design of the final plat based on the previously approved preliminary plat (Case No. PZ 2018-17B). Due to the presence of an existing creek east of Homer Parkway and west of the baseball fields part of the Creekside Commons planned commercial development, the developer desires to revise the orientation by shifting Homer Parkway to run adjacent along Brush Creek; thus, removing all local streets and single-family home lots to the east of Homer Parkway from the final plat, providing open space instead. The applicant has also revised the orientation of local streets west of Homer Parkway to provide a better-connected street network and reduce the number of cul-de-sacs. In addition to providing multiple evacuation routes and ways for emergency response vehicles to access a particular location, this connected street system also encourages slow, cautions driving since drivers encounter cross traffic at frequent intervals.

*Revised layout of The Woods At Creekside residential development (dated March 25, 2020)*

*Revised layout of The Woods At Creekside residential development (dated March 25, 2020)*

By revising the orientation of Homer Parkway to run more adjacent along Brush Creek, and remove single-family home development to the east of Homer Parkway, the layout of The Woods At Creekside is altered; but this doesn't substantially reduce the number of lots or parcels to the overall The Woods At Creekside development, reducing the number from the preliminary development plan (total of 118 single-family lots) to the final development plan (total of 115 single-family lots) by a total of three lots. An additional lot for a dedicated pool and clubhouse will also be added. Finally, an additional tract of dedicated open space will also be added between Magnus Street and Rachel Circle for the purposes of stormwater management. The Woods At Creekside Third Plat proposes 23 lots for single-family homes and 1 tract for private open space.

In terms of street design and access, Homer Parkway would be slightly more curved to the east; however, the final plat maintains the cross section specifications of 60 ft. of right-of-way for collector roads (i.e., Homer Parkway) and 50 ft. of right-of-way for local streets (i.e., Ryan Circle). Although there have been modifications made in terms of block layout,

street design and access, and the open space systems and civic design elements; after reviewing the requirements of Development Code, Section 403.020 Platting with the City's legal counsel, staff finds the Final Plat of The Woods At Creekside Third Plat to be overall substantially consistent with the approved preliminary plat.

**2. The construction plans for any utilities, infrastructure or public facilities meet all technical specifications.**

Staff has reviewed the specifications of the proposed streets and easements on the final plat and determined they meet the City's standards.

**3. The phasing and timing of public improvements ensures construction and performance guarantees.**

The Public Works Department has reviewed and provided comments for the public street & stormwater plans for The Woods At Creekside & Creekside Village planned residential development. In addition, the Public Works Department has reviewed and approved land disturbance & grading permits for The Woods At Creekside & Creekside Village; this includes erosion control plans. Per Parkville Municipal Code, Section 404.040, subsection H., before acceptance by the City of streets or sewers, the owner shall post a maintenance bond, cash or irrevocable letter of credit satisfactory to the Board of Aldermen and in accordance with City policies and Public Works procedures. The purpose of this requirement is to guarantee against defects in construction for a period of two years. The City's Public Works Construction Inspector will work closely with the developer to ensure public improvements are constructed in accordance with the approved plans and Section 404.040.

4. **Any deviation in the final plat from the preliminary plat brings the application in further compliance with the Master Plan and the purposes and intent of this code.** Although there is deviation from the approved preliminary plat in terms of block layout, street design and access, and the open space systems and civic design elements; there are no other deviations from the preliminary plat (Case No. PZ 2018-17B). Although the intent isn't to bring the final plat in further compliance with the *Parkville 2040 Master Plan* (the intent is to preserve area around Brush Creek), such action does compliment the *Parkville 2040 Master Plan's* goals of environmental stewardship (e.g., preservation of open space and areas of environmental significance, protecting the City's watersheds, and cluster development) as the final plat preserves a large amount of vegetation and open space west of Homer Parkway around Brush Creek.

Cluster Development

*Clustering is a form of planned development that concentrates buildings on part of the site (the cluster area) to allow the remaining land (the open space) to be used for recreation, common open space or preservation of environmentally sensitive areas. The open space may be owned by either a private or public entity.*

*Excerpt from Ch. 4: Environmental Stewardship  
of the Parkville Master Plan (2009)*

Lastly, per staff's review of both the previously approved preliminary development plan for The Woods At Creekside & Creekside Village planned residential development, and this Application for Final Plat for The Woods At Creekside Third Plat, against the requirements of Section 403.020, Subsection D. and Section 403.040, Subsection B., it was determined the final plat application is in accordance with the *Parkville 2040 Master Plan's* projection of Medium-Density Residential future land uses, purposes and intent of the Development Code.

**5. The recommendations of professional staff, or any other public entity asked to officially review the plat.**

Staff consulted with Jay Norco, City Engineer regarding Platte County Regional Sewer District (PCRS) existing infrastructure and easements; and Dean Cull, Fire Marshall with the Southern Platte Fire Protection District (SPFPD) during review of the associated application for subdivision – preliminary plat. It was determined that all existing easements were drawn and labeled correctly. It was also determined that the width of the streets (measured front-of-curb to front-of-curb) were wide enough to support turning movements for their standard Pierce Fire Truck (duel axle; 110 ft. ladder).

**Staff Conclusion and Recommendation**

Staff concludes that with the exceptions noted above, the proposed final plat application: Is substantially consistent with the approved preliminary plat despite changes made to the street design, block and lot layout based on review with the City's legal counsel; the construction plans for any utilities, infrastructure or public facilities meets all technical specifications; the phasing and timing of public improvements ensures construction and performance guarantees; deviations between the preliminary plat and final plat bring the application in further compliance with the *Parkville 2040 Master Plan* and purposes and intent of the Development Code; and the final plat has been reviewed by professional staff.

Staff recommends approval of the Application for Subdivision – Final Plat for The Woods At Creekside Third Plat based on the merits of the application and the findings and conclusions in the report. It should be noted that the recommendation contained in this report is made without knowledge of facts, comments or any additional information which may be presented during the meeting. For that reason, the conclusions herein are subject to change as a result of evaluating additional information; additionally, staff reserves the right to modify or confirm the conclusions and recommendations herein based on consideration of any additional information that may be presented.

**Necessary Action**

Following consideration of the Application for Subdivision – Third Plat, supporting information, associated exhibits, factors discussed above and any testimony presented at the meeting, the Planning and Zoning Commission should recommend approval (with or without conditions), denial, or postpone the application for further consideration. If approved subject to conditions, the conditions should be noted for the record. Unless postponed, the Planning and Zoning Commission's action will be forwarded to the Board of Aldermen on June 15, 2021 for first action.

ISSUE:

Approve the first reading of an ordinance to amend Parkville Municipal Code Section 405.010, Table 405-1 to align the land uses with the recent Parkville 2040 Master Plan - Case No. PZ 2021-17 (Community Development)

BACKGROUND:

On May 11, 2021, the Planning and Zoning Commission adopted the Parkville 2040 Master Plan. On May 18, 2021, the Board of Aldermen approved Resolution No. 21-005 supporting the Commission's adoption of the Plan. The Plan serves as the official public policy and plan for the physical development and redevelopment of the community and provides guidance for future actions involving land development, sustainability, development design, provision of infrastructure, preservation of open spaces and natural resources, and preservation of community character over the next 20 years.

Table 405-1 in the Development Code was adopted by the Board on February 7, 2017, by Ordinance No. 2884 as a portion of a rewrite of the Development Code. The future land use categories in Table 405-1 reflect those displayed in the 2009 Parkville Master Plan.

In accordance with the newly adopted Parkville 2040 Master Plan, the Development Code needs to be updated to reflect certain policy changes within the plan. The future land use element of the Master Plan provides a general framework for implementing the plan. Table 405-1 in the Development Code serves as a general guide showing the relationship of zoning districts to each other and to the land use categories of the Master Plan. It is intended to ensure compatibility and effective transitions among different zoning districts and allow creation of places where projects and zoning districts add up to a larger and greater whole as envisioned in the plan.

BUDGET IMPACT:

With the exception of required codification, there is no budgetary impact.

ALTERNATIVES:

1. Adopt an ordinance to amend Parkville Municipal Code Section 405.010 Table 405-1.
2. Adopt an ordinance to amend Parkville Municipal Code Section 405.010 Table 405-1, subject to changes by the Board of Aldermen.
3. Deny the text amendment.
4. Postpone the item.

#### FINANCE COMMITTEE RECOMMENDATION:

The item was not presented to the Finance Committee, but is being taken directly to the Board of Aldermen for consideration.

#### STAFF RECOMMENDATION:

Staff recommends that the Board of Aldermen approve the first reading of the ordinance to amend Parkville Municipal Code Section 405.010, Table 405-1 to align the land uses with the newly adopted Parkville 2040 Master Plan.

#### PLANNING COMMISSION RECOMMENDATION:

The Planning and Zoning Commission considered the Application for Text Amendment via a public hearing at their June 8, 2021, regular meeting (see Attachment 4). Following discussion, the Commission recommended approval of the text amendment subject to adding additional language regarding planned districts (by a vote of 8-0).

#### POLICY:

Per RSMo 89.050 and Parkville Municipal Code Chapter 403, text amendments to the Development Code are to be approved by the Board of Aldermen by ordinance, after the Planning and Zoning Commission considers the amendment at a public hearing and forwards their recommendation.

#### SUGGESTED MOTION:

I move to approve Bill No. 3127, an ordinance amending Parkville Municipal Code Section 405.010, Table 405-1 to align the land uses with the newly adopted Parkville 2040 Master Plan, on first reading and postpone the second reading to July 6, 2021.

ISSUE:

Approve a construction agreement with Infrastructure Solutions for the 2021 Sanitary Sewer Repairs program (Public Works)

BACKGROUND:

The City compiles data collected with CCTV evaluations and periodic manhole inspections to get more information about the condition of the system. North Hills Engineering (NHE) recently completed the 2020 Manhole Inspection Report in which the condition of various manholes in the sewer system were evaluated. This information was presented to the Board of Aldermen on February 2, 2021. Based on the data collected, projects were identified and prioritized. Each year, the City programs funding in the Sewer Fund to repair the sanitary sewer system.

On May 21, 2019, the Board of Aldermen approved a five-year agreement with NHE for on-call engineering services. This arrangement allows the City to execute individual work authorizations for supplemental engineering services for specific projects and studies.

On February 16, 2021, the Board of Aldermen approved a work authorization with NHE for the next phase of the sanitary sewer repairs program. The scope of the work authorization included design, document preparation, bidding and construction administration. The project will address the urgent needs in the sanitary sewer system, addressing sewer line and manhole repairs. The primary project area will include the area west of Route 9, between 4th and 13th streets.

In May, the City released a bid request and on June 2, 2021, six contractors provided bids for the proposed sewer repairs program. Infrastructure Solutions was the low bidder, with a total bid of \$285,667. They successfully completed several City projects, including the McAfee Force Main improvements in 2020.

Missouri American Water contracted with Kissick Construction for the water main improvements in downtown, near the intersection of 7th & Main streets. During the pre-construction conference for the Missouri American Water project, staff discovered that a portion of sanitary sewer repairs is located within the same footprint of the proposed water main improvements. In an effort to minimize the disturbance and inconvenience to residents, staff met with both contractors to discuss the scope of work and the methods associated with their construction. A plan was developed to have the two contractors work together in the single excavation.

#### BUDGET IMPACT:

The 2021 Sewer Fund includes \$240,000 for capital projects related to sewer lines and manholes. Of this amount, \$215,000 was budgeted for the construction associated with the Sanitary Sewer Repairs program. The survey and engineering fees totaled \$23,254.

The sewer repair location at 6th Street was caused by Ervin Cable, when they impacted the existing sewer while boring for their underground fiber utility. They have admitted their fault in the damage and offered to reimburse the City for the expense to sewer repair. The cost of the engineering and construction associated with the 6th Street repair is \$14,058. The City will file a claim with Ervin Cable, seeking reimbursement for the repair.

In an effort to keep this project within budget with the least impact to the Sewer Fund, staff recommends deferring the Clarifier Drive and Clarifier Floor capital projects. Both projects can be moved to 2022 without much impact to the wastewater treatment plant operations, with a total budget savings of \$60,000 in 2021.

#### ALTERNATIVES:

1. Approve a construction agreement with Infrastructure Solutions for the 2021 Sanitary Sewer Repairs Program.
2. Provide feedback to staff regarding the 2021 Sanitary Sewer Program.
3. Postpone this item.

#### FINANCE COMMITTEE RECOMMENDATION:

This item was presented at the Finance Committee meeting on June 7, 2021. The Finance Committee took no action related to this item and directed staff to consult with the City's legal counsel.

#### STAFF RECOMMENDATION:

Staff recommends the approval of the construction agreement with Infrastructure Solutions for the 2021 Sanitary Sewer Improvements in the amount of \$285,667 to reflect the base bid. Staff has developed a plan with both utility contractors to minimize the project disturbance and inconvenience to the residents.

#### POLICY:

The Purchasing Policy, Resolution No. 17-016, requires Board of Aldermen approval for all purchases above \$10,000 upon recommendation of the Finance Committee.

#### SUGGESTED MOTION:

I move to approve a construction agreement with Infrastructure Solutions for the 2021 Sanitary Sewer Repairs Program in the amount of \$285,667.

This agreement is made and entered into this 15<sup>th</sup> day of June 2021, by and between the City of Parkville, Missouri, (hereinafter the "City") and Infrastructure Solutions, LLC (hereinafter the "Contractor").

WITNESSETH:

WHEREAS, the City, in the manner prescribed by law, has publicly opened, examined and evaluated the Bids submitted, and as a result of this process has, in accordance with the law, determined and declared the Contractor to be the lowest and best responsible bidder for the construction of the public improvements, and has duly selected the Contractor for award of a contract therefor upon the terms and conditions set forth in this Agreement for the sum or sums stated below.

WHEREAS, the City has caused to be prepared, in accordance with the law, Notice to Bidders, Instructions to Bidders, Bid, this Agreement, General and Special Conditions, Plans, Specifications and other documents as identified below and as further defined in the General Conditions (collectively referred to as "the Contract Documents"), for the work therein described, and has approved and adopted these said Contract Documents and has caused to be published, in the manner and for the time required by law, an advertisement inviting sealed Bids for furnishing construction materials, labor, tools, equipment and transportation necessary for, and in connection with, the construction of public improvements in accordance with the terms of this Agreement; and

WHEREAS, the Contractor, in response to the advertisement, has submitted to the City, in the manner and at the time specified, a sealed Bid in accordance with the terms of this Agreement; and

WHEREAS, the City, in the manner prescribed by law, has publicly opened, examined and evaluated the Bids submitted, and as a result of this evaluation has, in accordance with the law, determined and declared the Contractor to be the lowest and best responsible bidder for the construction of the public improvements, and has duly selected the Contractor for award of a contract therefor upon the terms and conditions set forth in this Agreement for the sum or sums set forth below.

NOW, THEREFORE, in consideration of the compensation to be paid the Contractor, and of the mutual agreements herein contained, the parties hereto have agreed, and hereby agree, the City for itself and its successors and the Contractor for itself, , its, successors and assigns, as follows:

ARTICLE I. The Contractor will furnish at its own cost and expense all labor, tools, equipment, materials and transportation required to construct and complete the work designated, described and required by the Contract Documents, to wit:

all in accordance with the Contract Documents, on file with the City Clerk of Parkville, Missouri, all of which are as fully a part hereof as if repeated verbatim herein; all work to be done in a good, substantial and workmanlike manner to the entire satisfaction of the City, and in accordance with the laws of the City, the State of Kansas and the United States of America. All terms used herein shall have the meanings ascribed to them in the General Conditions unless otherwise specified.

ARTICLE II. The City shall pay to the Contractor for the performance of the work embraced in this Contract, and the Contractor will accept in full compensation therefor, the sum of **TWO HUNDRED EIGHTY FIVE THOUSAND SIX HUNDRED SEVENTY SEVEN DOLLARS AND NO/100 (\$285,677.00)** (subject to adjustment as provided by the Contract Documents) for all work covered by and included in the Contract award and designated in the foregoing Article I, payment thereof to be made in cash or its equivalent and in the manner provided in the Contract Documents.

ARTICLE III. The contractor shall commence work upon the date stated in the Notice to Proceed and will complete all work within **140 days of the NOTICE TO PROCEED**. In addition, from the time Contractor mobilizes to the site, all improvements shall be complete within 60 calendar days. Time is of the essence. Accordingly, liquidated damages shall be assessed against Contractor, as stipulated liquidated damages and not as a penalty, in the amount of **\$200.00** for each and every calendar day the work remains incomplete over the specified completion time. Additional time requirements are set forth on the Drawings.

ARTICLE IV. This Agreement shall not become effective, nor shall Contractor commence any work hereunder, until the City has received, and approved, the Certificate of Insurance and Additional Insured-and Notice of Cancellation Endorsements, the fully executed Performance and Payment Bonds with Powers of Attorney, and the list of proposed Subcontractors from Contractor.

ARTICLE V. This Agreement is entered into, under and pursuant to, and is to be construed and enforceable in accordance with the laws of the State of Missouri.

ARTICLE VI: The following documents are made part of this agreement by reference:

ISSUE:

Approve a purchase order with Fry & Associates for playground equipment in English Landing Park and Watkins Park (Public Works)

BACKGROUND:

English Landing Park includes two playground areas, one for younger kids and one for older kids. Watkins Park currently has a swing set. The 2021 Parks Sales Tax budget includes \$25,000 for playground upgrades for English Landing and Watkins parks.

Staff has developed a strategy to enhance the three playground areas, providing diverse playground equipment that is multi-generational and inclusive. The plan also includes installing a large playground area in Watkins Park.

For the Little Kids Playground area:

1. The existing climbing wall will be moved to the big kids playground area, which is more age appropriate.
2. A new Playcube will be purchased and installed.
3. The previously purchased xylophone will be installed.
4. The previously purchased parent/child swing will be installed.

For the Big Kids Playground area:

1. The existing dual slide will be moved to Watkins Park to enhance the new playground. The slide is in great condition.
2. The relocated climbing wall will be installed from the little kids playground.

For the Watkins Park Playground area:

1. A new elevated Playcube will be installed.
2. A new Truck Spring toy will be installed.
3. A new Loopy Whoop will be installed.
4. The relocated dual slide will be installed from the big kids playground.
5. A new single post swingset with toddler beam will be installed.
6. A plastic timber border will be installed and certified playground (wood) mulch will be placed

inside the play area.

Fry & Associates is the local vendor for Playworld equipment. They provide a discount to local parks in the metro area. Their pricing is less than purchasing the same equipment directly from Playworld. The City worked directly with Fry & Associates to provide a variety of playground equipment for the three playground areas, selecting playground equipment that is appropriate for the future vision of the parks.

#### BUDGET IMPACT:

The 2021 Parks Sales Tax budget includes \$25,000 for the playground upgrades to English Landing and Watkins parks. The purchase order with Fry & Associates is within budget at \$22,694.80. The City received a Platte County Outreach Grant for improvements to Watkins Park and a portion of that grant funding will be used on its playground upgrades.

#### ALTERNATIVES:

1. Approve a purchase order with Fry & Associates for the playground equipment for English Landing and Watkins parks.
2. Provide feedback to staff related to the playground equipment purchase.
3. Postpone this item.

#### FINANCE COMMITTEE RECOMMENDATION:

This item was presented at the Finance Committee meeting on June 7, 2021. The Finance Committee took no action related to this item and directed staff to gather additional information and bids.

#### COMMUNITY LAND AND RECREATION BOARD RECOMMENDATION (CLARB):

At the meeting on June 9, 2021, CLARB, by a vote of 8-0, recommended that the Board of Aldermen approve a purchase order with Fry & Associates for the purchase of playground equipment for English Landing and Watkins parks.

#### STAFF RECOMMENDATION:

Staff recommends approval of a purchase order with Fry & Associates for the purchase of playground equipment for English Landing and Watkins parks.

#### POLICY:

The Purchasing Policy, Resolution No. 17-016, requires Board of Aldermen approval for all purchases above \$10,000 upon recommendation of the Finance Committee.

#### SUGGESTED MOTION:

I move to approve a purchase order with Fry & Associates to purchase playground equipment for English Landing Park and Watkins parks in the amount of \$22,694.80.

ISSUE:

Approve Change Order No. 1 with MegaKC for the Route 9 at 6th Street Improvements associated with a credit for duplicate electrical components (Public Works)

BACKGROUND:

On August 4, 2020, the Board of Aldermen approved a cost share agreement with the Missouri Highways and Transportation Committee for the improvements to Route 9 at 6th Street. The timeframe associated with this project is condensed and the construction needs to be completed in July 2021. If the construction is not completed within that timeframe, the City risks losing the grant funding.

On April 20, 2021, the Board of Aldermen approved a construction agreement with MegaKC for the improvements in the amount of \$862,417.10.

Since that time, the contractor has been working on the turn lane improvements at 6th Street. Early in the project, the contractor pointed out that there was redundancy in the bid. The electrical subcontractor included the electrical components in Bid Item 54. Change Order No. 1 was processed to reflect the elimination of Bid Item 66 that includes the redundant cost for electrical components.

Since this change order is a credit to the contract, staff would typically process these administratively. However, in an effort to keep the Board of Aldermen involved in the decision-making process associated with project changes, change orders will be brought before the Board for approval.

BUDGET IMPACT:

The total project budget includes \$800,000 for construction. The Governor's Cost Share provides \$400,000 in grant funding for the turn lane improvements at 6th Street. The local match requirement for the cost share grant is \$400,000.

The City is responsible for any construction costs beyond the \$800,000 project budget. The City is responsible for any costs associated with engineering and land acquisition.

The original contract for MegaKC for the Route 9 Improvements at 6th Street was in the amount of \$862,417.10. Change Order No. 1 represents a reduction of \$3,500 from the contract, resulting in a

revised contract amount of \$858,917.10.

ALTERNATIVES:

1. Approve Change Order No. 1, reducing the contract by \$3,500.
2. Provide direction to staff related to the change order.
3. Postpone this item.

FINANCE COMMITTEE RECOMMENDATION:

The item was not presented to the Finance Committee, but is being taken directly to the Board of Aldermen for consideration.

STAFF RECOMMENDATION:

Staff recommends approval of Change Order No. 1 that represents a credit for redundant pricing associated with electrical components.

POLICY:

The Purchasing Policy, Resolution No. 17-016, requires Board of Aldermen approval for all purchases above \$10,000 upon recommendation of the Finance Committee.

SUGGESTED MOTION:

I move to approve Change Order No. 1 with MegaKC for the Route 9 at 6th Street Improvements associated with a credit for duplicate electrical components in the amount of \$3,500.

Approve Change Order No. 2 with MegaKC for the Route 9 at 6th Street Improvements associated with a credit for concrete pavement base material (Public Works)

BACKGROUND:

On August 4, 2020, the Board of Aldermen approved a cost share agreement with the Missouri Highways and Transportation Committee for the improvements to Route 9 at 6th Street. The timeframe associated with this project is condensed and construction needs to be completed in July 2021. If the construction is not completed within that timeframe, the City risks losing the grant funding.

On April 20, 2021, the Board of Aldermen approved a construction agreement with MegaKC for the Route 9 Improvements at 6th Street in the amount of \$862,417.10.

Since that time, the contractor has been working on the turn lane improvements at 6th Street. Early in the project, the contractor suggested a time-saving measure that would result in a budget savings, as well as a better material overall. With the original bid, MegaKC had planned to subcontract the asphalt work to a third party. Instead of working within their subcontractor's timeframe, as well as the time it would take to install the asphalt in lifts, the contractor suggested that they could install concrete as the base material instead of the asphalt base. Concrete is a better material associated with stability and long-term maintenance. Since MegaKC could self-perform the concrete work, this change resulted in an \$18,000 credit. The entire project will still have a two inch asphalt overlay.

Since this change order is a credit to the contract, staff would typically process these administratively. However, in an effort to keep the Board of Aldermen involved in the decision making process associated with project changes, change orders will be brought before the Board for approval.

BUDGET IMPACT:

The total project budget includes \$800,000 for construction. The Governor's Cost Share provides \$400,000 in grant funding for the turn lane improvements at 6th Street. The local match requirement for the cost share grant is \$400,000.

The City is responsible for any construction costs beyond the \$800,000 project budget. The City is responsible for any costs associated with engineering and land acquisition.

The original contract for MegaKC for the Route 9 Improvements at 6th Street was in the amount of \$862,417.10. Change Order No. 1 represented a reduction of \$3,500 from the contract. Change Order No. 2 represents a reduction in \$18,000. The revised contract amount would be \$840,817.10.

ALTERNATIVES:

1. Approve Change Order No. 2, reducing the contract by \$18,000.
2. Provide direction to staff related to the change order.
3. Postpone this item.

FINANCE COMMITTEE RECOMMENDATION:

The item was not presented to the Finance Committee, but is being taken directly to the Board of Aldermen for consideration.

STAFF RECOMMENDATION:

Staff recommends approval of Change Order No. 2 that represents a credit associated to the change in pavement base.

POLICY:

The Purchasing Policy, Resolution No. 17-016, requires Board of Aldermen approval for all purchases above \$10,000 upon recommendation of the Finance Committee.

SUGGESTED MOTION:

I move to approve Change Order No. 2 with MegaKC for the Route 9 at 6th Street Improvements associated with a credit for concrete pavement base material in the amount of \$18,000.

RE: Six at Park Intersection Improvements  
Pricing to install concrete base in lieu of asphalt base and a 2" mill and overlay

Dear Alysen:

See attached pricing for the placement of concrete base, mill, and overlay. As discussed, time is of the essence and the team will provide the City a credit for this change shown below. MegaKC has not included any additional indirects for PM/Superintendent time. We have planned to expedite this under our current contract.

ISSUE:

Approve an agreement with the Main Street Parkville Association for banners on public streetlights between 2nd and McAfee streets (Public Works)

BACKGROUND:

In November 2018, the City installed 17 decorative streetlights in downtown Parkville located between 2nd and McAfee streets. The City leases the streetlights through Evergy, paying an annual fee for the maintenance.

The Main Street Parkville Association (MSPA) approached the City about installing banners on the decorative streetlights downtown. They received a grant from the Parkville Old Towne Market Community Improvement District (POTMCID) to purchase banners for the lights between 2nd and McAfee, as well as the private lights located in English Landing Center. MSPA is requesting the City's approval prior to purchasing the banners. The POTMCID grant will expire soon if the banners are not purchased.

The scope of this agreement only includes the 17 decorative streetlights located along the public streets. Staff developed a streetlight banner agreement which outlines the responsibilities of each party related to the banners. MSPA will be responsible for purchasing and storing the banners and the City will be responsible for installing them up to three times per year.

Additional paperwork needs to be submitted to Evergy, along with an engineered drawing showing the planned dimensions of the banners. Staff plans to submit that paperwork following the approval of this item.

BUDGET IMPACT:

There is no budget impact for this item.

ALTERNATIVES:

1. Approve the agreement with MSPA for the streetlight banners.
2. Do not approve the agreement and provide further direction to staff.
3. Postpone this item.

FINANCE COMMITTEE RECOMMENDATION:

The item was not presented to the Finance Committee, but is being taken directly to the Board of

Aldermen for consideration.

STAFF RECOMMENDATION:

Staff recommends approval of the agreement with Main Street Parkville Association for banners displayed on public streetlights downtown.

POLICY:

The Board of Aldermen must approve all agreements regarding the sale, use or lease of public improvements.

SUGGESTED MOTION:

I move to approve an agreement with the Main Street Parkville Association for banners public streetlights between 2nd and McAfee streets.

## STREETLIGHT BANNER AGREEMENT

THIS AGREEMENT is entered into this 15th day of June 2021, by MAIN STREET PARKVILLE ASSOCIATION, (“MSPA”), and the CITY OF PARKVILLE, MISSOURI, a Missouri municipal corporation (the “City”) (hereinafter MSPA and the City are collectively referred to as the “Parties”).

### RECITALS

WHEREAS, the City is a fourth class city incorporated and exercising governmental functions and powers pursuant to the Constitution and the Statutes of the State of Missouri.

WHEREAS, MSPA is a registered 501c3 volunteer membership organization dedicated to the preservation and promotion of historic downtown Parkville.

WHEREAS, the City has installed seventeen (17) decorative streetlights along the public streets located in downtown Parkville.

WHEREAS, the City pays a fee to Evergy for the maintenance of each of the streetlights located within the City limits, including the decorative streetlights in downtown for the purpose of promoting Parkville.

WHEREAS, the Parties desire to place banners on the existing decorative streetlights in downtown.

WHEREAS, MSPA has approached the City with an offer to purchase banners for each of the decorative streetlights in downtown.

WHEREAS, the Parties desire to enter into this Agreement to provide for the rights and obligations of the Parties with respect to the procurement, installation, maintenance and removal of the streetlight banners.

NOW, THEREFORE, in consideration of the premises and the mutual covenants and agreements hereinafter expressed, the parties mutually agree as follows:

1. Operation and Maintenance of Streetlights. The City shall be responsible, at the expense of the City, for the ongoing operation and maintenance of public streetlights, including without limitation the banner brackets.
2. Location of Banners: The decorative streetlights will also include flag pole brackets, in addition to the banner brackets. Flag pole hardware will be located on the street facing side of the pole. The banner bracket hardware will be located on the opposite side of the pole from the flag pole hardware. The City will display flags as necessary to observe various holidays which may include, but not limited to, Veterans Day, Flag Day and Fourth of July.

3. Banner Brackets and Banners.

- a. The City shall approve final design and content of banners prior to printing production.
- b. Each banner shall measure 18-inches wide by 36-inches tall, in accordance with the detail provided in Exhibit A.
- c. MSPA shall be responsible for the purchase and procurement of the banners for each of the seventeen (17) decorative streetlights located on the public streets in downtown Parkville. The City will not be responsible for funding the banners.
- d. The City shall be responsible for the installation of the banner brackets to affix to the decorative streetlights located on the public streets in downtown Parkville.
- e. The City shall be responsible for the installation of display banners at a maximum of three (3) times annually.
- f. MSPA shall coordinate with City staff on the installation of banners. Request for installing banners shall be made at least seven (7) calendar days in advance.
- g. MSPA shall be responsible for storing banners that are not in current use.

4. Limitation of City Liability. The City shall not be liable for any loss or damage to any banners to be displayed at the request or direction of MSPA, including without limitation, loss or damage arising out of the installation, display or removal of such banners, except as such loss or damage is a direct result of the gross negligence or willful misconduct of the City, its agents, employees or contractors.

5. Termination. This Agreement shall remain in effect until amended or terminated by written agreement of the Parties, or by either Party upon not less than sixty (60) days advance written notice to the non-terminating Party. Upon termination of this Agreement, any and all rights of MSPA in and to the Streetlights and Banner Brackets shall cease.

6. Amendment. This Agreement may be amended at any time by mutual written agreement of the Parties.

7. Notice. Any notice, approval, request or consent required by or asked to be given under this Agreement shall be deemed to be given if it is in writing and mailed by United States mail, postage prepaid, or delivered by hand, and addressed as follows:

Notices to the City shall be mailed to:

City of Parkville, Missouri  
8880 Clark Avenue  
Parkville, Missouri 64152  
Attn: City Administrator

Notices to MSPA shall be mailed to:

Main Street Parkville Association  
104 Main Street, 2<sup>nd</sup> Floor  
Parkville, MO 64152  
Attn: Executive Director

Each party may specify that notice be addressed to any other person or address by giving to the other party ten (10) days prior written notice thereof.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their duly authorized representatives the day and year first above written.
